

Engineering Students Visited ENVIS Centre at CSIR-CBRI, Roorkee

The ENVIS Centre on Fly ash at CSIR CBRI, Roorkee organizes interaction programmes, as its regular activity, for the students of nearby engineering colleges. In this series, engineering students of SSVGI, Bareilly (U.P.) visited ENVIS Centre on March 17th, 2016.

Er. Shekhar Prakash Patwa (Information Officer, ENVIS) briefed the authorities of college about activities undertaken by ENVIS team. Er. Srinivasarao Naik B, Scientist (chemistry), briefed the students about the working of ENVIS Centre and delivered a short lecture on latest scenario of generation and utilization of fly ash in India. The publications of ENVIS Centre were shown to the students and the latest news letters published were also distributed.

Er. Shekhar Prakash Patwa (Information Officer, ENVIS) informed the students about the ENVIS website (www.cbrienvis.nic.in). They were also briefed about the method of data search on fly ash using ENVIS website.
