

Engineering Students Visited ENVIS Centre at CSIR-CBRI, Roorkee

The ENVIS Centre on Flyash at CSIR CBRI, Roorkee organizes interaction programmes, as its regular activity, for the students of nearby engineering colleges. In this series, students of Quantum Global School visited ENVIS Centre on November 5th, 2014.

Dr. L.P. Singh (coordinator, ENVIS) briefed the authorities of college about activities undertaken by ENVIS team. Dr. Rahul Kumar, Project Assistant (chemistry), briefed the students about the working of ENVIS Centre and delivered a short lecture on latest scenario of generation and utilization of flyash in India. The publications of ENVIS Centre were shown to the students and the news letters published during January-September were also distributed.

Mr. Nitin Kumar Sharma (Project Assistant-IT) informed the students about the ENVIS website (www.cbrienvis.nic.in). They were also briefed about the method of data search on flyash using ENVIS website.
